Access 1254b32489.Q: Rails POST request returns a 405 I'm learning how to get my rails application to be mobile compatible. I've figured out how to get the page to be mobile friendly. Here is my problem. I'm creating a post request on a page, which includes data passed to it from the html form on the same page. When I submit the form it shows a POST request in chrome dev tools. It POSTs but the server shows a 405 error. Here is my \_post\_form.html.erb code: {:action=> :create} do |f| %> prohibited this blog post from being saved: 3e33713323
