TELUGU ENTER in Photoshop | Without Anu Script, Google Translate. We can do this with a simple . In this tutorial, we will learn how to draw Telugu in Photoshop using several techniques. If you want to know more, click on . Levels Levels is the main tool in Adobe Photoshop. With it, we can align our work to one level, or create a shadow. This is one of the simplest and easiest ways. You can use two layers, but I prefer a more flexible approach. We'll create an image layer and then draw whatever we want on it.
